

# Western Memorial Regional Hospital has an Indigenous Patient Navigator?

I can provide advocacy, assistance, and support for any Indigenous patients and their families.

## What Can I Help With?

- Assist you in connecting with community cultural supports.
- Attend appointments with you if you need extra support.
- Respond to your general questions related to healthcare systems.
- Visit you during your stay at a healthcare facility in the Corner Brook area, or meet virtually, upon request and availability.
- Help navigate barriers and challenges you may face with healthcare services.
